OBJECTIVE

IT Support professional with hands-on experience in troubleshooting, customer support, and system maintenance. Skilled in resolving hardware, software, and network issues across Windows, macOS, and mobile platforms. Seeking a role where I can apply strong problem-solving, communication, and technical skills in a fast-paced environment.

EDUCATION

Bachelor of Science in Information Technology, Eastern Mediterranean University 2023 - 2026
Relevant Coursework: Operating Systems, Computer Networks, Database Management Systems, Data Structures, Algorithms, System Analysis and Design (CGPA: 3.9)

EXPERIENCE

IT Support Intern June 2024 - August 2024
Trans Desert Transport Jeddah, Saudi Arabia

- Delivered first-level IT support and successfully resolved hardware, software, and network issues for employees, reducing downtime and improving workflow continuity.
- Performed structured root-cause analysis, contributing to improved resolution times and fewer repeat incidents.
- Documented incidents and contributed to internal knowledge base for repeated issues.
- Supported and maintained office peripherals (printers, scanners, mobile devices), completing routine maintenance tasks to reduce recurring technical problems.
- Collaborated closely with cross-functional teams and communicated clearly with end users, ensuring consistent technical support and positive user experience.

Student Ambassador January 2024 - June 2024
Microsoft Learn Remote

- Deployed cloud-based projects using Microsoft Azure, GitHub, and web hosting tools.
- Delivered live sessions and assisted students with issues related to development tools and cloud services.

PROJECTS

SplitPilot - Chrome Extension

A browser extension that displays two websites side-by-side in a tab, improving productivity by reducing tab switching.

Technologies: JavaScript, HTML, CSS, Chrome APIs

SKILLS

Technical	Technical troubleshooting (hardware/software/network), Windows OS, macOS, Linux, LAN/WAN, DNS, DHCP, VPN, Active Directory, Microsoft 365, remote support tools (RDP, AnyDesk, TeamViewer), documentation
